

Dear distance-learning students,

the team of the [University library](#) welcomes you to Anhalt University!

The provision of qualified specialist literature forms the basis for successful work in study, research and teaching. We offer you an **extensive range of media at all 3 university locations in Köthen, Dessau and Bernburg** and are glad to support you in all matters relating to literature and research.

Registration at the library

To register at your campus library, please send us the completed and signed [registration form](#) and a scan of your student ID to ausleihe.bbg@hs-anhalt.de | ausleihe.koet@hs-anhalt.de | ausleihe.de@hs-anhalt.de or stop by in person to register (fridays: 9:30 a.m. – 3:00 p.m.).

Research and loan

As a universal entry into the research serves our literature search engine [Discovery-Service](#). It offers a broad overview of scientific sources inside and outside our library holdings. For a search within our library holdings, our [Online-Catalogue](#) is still available.

[Click here for the eTutorial](#): Literature Search in the Discovery Service!

To access our electronic resources from home, please follow these instructions for [Remote Access](#).

Please check your **user account** to manage your lendings, reserve and renew media online. You can access your personal account via the Discovery-Service, the University Library App ([Playstore](#) & [App-Store](#)) or our Online-Catalogue. The regular loan period for media is 29 days.

As a distance learning student, you also have the option of **pre-ordering urgently needed literature** at your campus library. We will then deposit the desired titles for you to pick up.

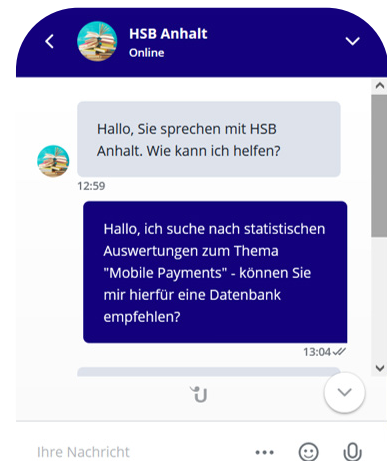

On our website you will find a summary of our most important [services](#) & [tips for research](#).

NEW: Pick up media via our service boxes

Pick up ordered media **contact-free and around the clock**? This is now possible via our service boxes. You can request the literature you need by mail or by phone through the team at your local library. As soon as the books are available for you, you will receive an email with a pin code, which you can use to open the corresponding box and take your books home.

NEW: Live Chat

From now on, you can also chat with the library team in real time. During our service hours, we will be happy to answer your questions about borrowing and research. You will find the chat icon on the web pages of [University library](#) in the lower right corner.

Learning Foreign Languages with Rosetta Stone

This online language course allows you to learn different languages at different levels interactively and on the go. A placement test will help you to determine your level of knowledge in advance.

Access is free of charge for all students at Anhalt University. Please only use [this link](#) for registration.

After the successful registration you can start learning [here!](#)

[Instructions on the use of mobile Apps](#)

[Information Brochure Rosetta Stone](#)

For [more information](#) please visit the website of the language centre!

We are happy to assist you with research, literature acquisition, and any questions you may have about academic work!
