

This translation is provided for your convenience only and is based on the German original 'Ergänzung vom 13.04.2021 zum Rahmenplan vom 03.03.2021 für den eingeschränkten Lehrbetrieb für das Sommersemester 2021'

Supplementary regulations
of April 13, 2021

to the Framework Plan for Restrictions affecting Teaching (March 3,
2021)
for the summer semester 2021

Completing final theses and internships (*Berufspraktika*) at Anhalt University of Applied Sciences (Bachelor and Master)

- For students admitted to complete their **theses before** April 1, 2021: The **submission deadlines** for theses in bachelor's, master's and diploma degree programs may be extended. This means that these thesis preparation times (deadlines) are extended by the period in which – as stipulated in the Framework Plan (*Rahmenplan für den eingeschränkten Lehrbetrieb*) – access to the university's facilities required for the completion of a thesis is not possible. Departments are given the authority to pass additional instructions to implement the above and to notify the University's Office of the Registrar (*Prüfungsamt*) of the changes made.
- For students admitted to complete their theses **on or after April 1, 2021**: By way special regulations amending their degree program and examination regulations, these students may also be granted an extension of their thesis preparation time corresponding to the period in which access to the university's facilities is not possible, as stipulated in the Framework Plan (*Rahmenplan für den eingeschränkten Lehrbetrieb*).
- The candidate/student is required to submit the **final thesis** (bachelor's, master's or diploma) electronically (email). The thesis is to be sent to all assessors and to the respective Office of the Registrar (*Prüfungsamt*) using a single email addressed jointly to all those listed above. This regulation is an exception to the stipulations of the respective degree program and examination regulations. The date of receipt of the submitted thesis is the date the email was sent. However, the candidate is required to sign the **declaration of independence** (*Selbstständigkeitserklärung*) and send this document **by post** to the thesis supervisor (first assessor). The declaration must bear the candidate's original signature and state the thesis title.
- An **internship** (*Berufspraktikum*) which had to be terminated by the company or due to other justified circumstances may be recognized if a minimum of 50% of the weeks stipulated for the internship in the degree program and examination regulations have been successfully completed by the student.
- In order to implement these guidelines, the Board of Management (*Präsidium*), the departments' dean's offices (*Dekanate*) and examinations committees (*Prüfungsausschüsse*) may adopt additional decisions.
